Confirmation of the services of the Watchman – Hirakdak Water Works

From the D.C. Kamrup

Letter No. A.G. C 83/43-296/142 3-3 5-7-43

State that as Watchman is under the Control of the Municipality and not the Sanitary Bureau, he may be confirmed his services may be treated as pensionable

2) In accordance with [illegible] para 18 supra the D.C. was informed vide this office letter of 30.5.43. He now states that the Watchman is not under the Sanitary Bureau but is under the Chairman Gauhati Municipal Council who have ordered his confirmation and requests approval.

Lieut. Governor

9/7 JK 10/7 2-1) The D.C. states that the water supply works at Chitrangachal are not under the control of the Bureau of Sanitary Engineering and that the watchman is directly under the control of the Municipality. He therefore recommends that, considering the age & service of the watchman, orders may be passed as a special case to treat his services as pensionable

2) The Comptroller has stated in para 8 supra that the services of watchmen under Municipalities are not pensionable and the Financial Secy has expressed the opinion that the proposal is undesirable and that, even if sanctioned as a special case, it would create an inconvenient precedent

2b) In regard to the general question referred to at para 10, the opinion of the Hon'ble Chief

have been invited
(2) As the present case has nothing to do with the general question, the proposal of the D.C. is for orders Refer paras 18 supra

Sir,

Subject Regarding treating the services of thewatchman of the Hirekolale water Works as Pensionable.

I have the horour to state that the post of the watchman, Hirekolale water works, Chickmagalur was sanctior -ed during the year 1900 The present incumbent Naragana halli Siddegowda joined serve on 1-3-1921 He was started on a pay of Rs 7-8-0per mensem Subsequently, his pay was raised to Rs 10-8-0 per mensem from 1-11-1926 Again, as per Government Order No L 3418-19/M1 16-29-3 dated 11-12-1929 his pay was raised to Rs 15/- per mensem, which he is now drawing It is seen from the service register of the in- cumbent, that he is now 55 years of age

2 On the representation of the watchman that his services may be treated as pensionable, the Town Municipal Council, Chickmagalur have resolved at their meeting held on 26-7-1942, that his services may be made pensionable The Municipal President reports that the main pipe line from the Hirekolale water reservoir to the filterbed traverses through jungle and hilly tract for about six and half miles and that there is necessity for a watchman per-

9 permanently to look after the pipe line Consideri n the age and long service of the applicant, I am of opinion that his prayer may be sympathe -tically considered I therefore reque t that - sanction of Government may be kindly obtained for the proposal of the Chickmagalur Town Municipal Council to treat the services of the watchman as pensaonable
